

3M Automotive Window Film Installer Training*

[BOOK](#)

\$995.00 / person • Includes installation tools and lunch each day

EPD offers a two (2) day hands-on installation training course featuring the latest techniques and best practices for applying 3M Automotive Window Film. You will leave with a Certificate of Completion. When you have mastered your installation techniques after some practice, you can take the next step to further your accreditation by successfully passing an installation test within twelve (12) months of your original training. Once you have passed the test, you will receive the title of 3M Automotive Window Film with Crystalline Preferred Installer. (You must be a 3M Authorized Dealer to attend this training and/or testing.)

January 3rd & 4th	May 9th & 10th	September 6th & 7th
February 7th & 8th	June 6th & 7th	October 10th & 11th
March 7th & 8th	July 5th & 6th	November 7th & 8th
April 4th & 5th	August 8th & 9th	December 5th & 6th

3M Paint Protection Film Installer Training*

[BOOK](#)

\$995.00 / person • Includes installation tools and lunch each day

EPD offers a two (2) day hands-on installation training course for the trainee to learn the most exacting standards and best practices for protecting vehicle surfaces from chips, scratches, and weathering through the installation of 3M Paint Protection Film. You will leave with a Certificate of Completion. When you have mastered your installation techniques after some practice, you can take the next step to further your accreditation by successfully passing an installation test within twelve (12) months of your original training. Once you have passed the test, you will receive the title of 3M Paint Protection Film Preferred Installer.

January 10th & 11th	May 16th & 17th	September 12th & 13th
February 14th & 15th	June 13th & 14th	October 17th & 18th
March 14th & 15th	July 11th & 12th	November 14th & 15th
April 11th & 12th	August 15th & 16th	December 12th & 13th

3M Paint Protection Film — Advanced*

[BOOK](#)

\$595.00 / person • Includes lunch

EPD offers a one (1) day hands-on installation training course for installers who have already completed basic training and who have significant experience installing professionally. The focus will be bulk roll installation on hoods, bumpers, and other common body panels. Techniques for stretching, wrapping, and trimming will be covered.

January 13th	July 14th
April 7th	October 6th

*All training is subject to factory necessity. Class dates and times are subject to change or cancellation.

Paint Correction*

[BOOK](#)

\$395.00 / person • Includes lunch

EPD offers a one (1) day hands-on training course for automotive paint correction. This is a basic skills class that focuses on a two-stage correction process and is taught using a dual action machine. Although paint correction can be taken to extreme levels, this class will help prepare you to repair mildly damaged paint to the point where 3M Ceramic Coating can be applied.

This course does not include ceramic coating training. However, we encourage you to take our ceramic coating course in conjunction with our paint correction course.

January 24th	June 16th	October 20th
February 17th	July 28th	November 29th
March 30th	August 30th	December 15th
April 28th	September 29th	

3M Ceramic Coating*

[BOOK](#)

\$395.00 / person • Includes start-up kit and lunch

EPD offers a one (1) day hands-on installation training course designed to expose the trainee to the basics of ceramic coating application. This training course does not include paint correction. However, we encourage you to take our paint correction course in conjunction with our ceramic coating course as paint correction is usually a necessary step before applying ceramic coating.

January 25th	May 20th	September 30th
February 18th	June 17th	October 21st
March 31st	July 29th	November 30th
April 29th	August 31st	December 16th

Automotive Window Film

[BOOK](#)

\$1,295.00 / person • Includes installation tools and lunch each day

EPD offers a two (2) day hands-on installation training course for learning to apply automotive window film. The course includes the following: basic window film knowledge; overview of installation tools; how to cut film; how to heat shrink; how to squeegee; and how to remove film.

Please note that this is not 3M certified installation training. This course is designed for the trainee who wants to learn how to install automotive window film but is not prepared to meet the requirements to become a 3M automotive window film dealer. Taking the course does not imply that EPD will sell the trainee or his/her employer film. It is up to the trainee or his/her employer to source material beyond the initial training.

March 10th & 11th	September 19th & 20th
June 20th & 21st	December 1st & 2nd

**All training is subject to factory necessity. Class dates and times are subject to change or cancellation.*

ARCHITECTURAL
TRAINING PROGRAMS

DI-NOC Architectural Finishes

BOOK

\$1,200.00 / person • Includes installation tools and lunch each day

The 3M DI-NOC Architectural Finishes Preferred Installer Program is comprised of two elements: a two-day training course and a one-day testing session.

Days 1 & 2: Training

We will cover the skills and knowledge necessary to apply DI-NOC architectural films in an interior design setting. Completion of the training will allow participants to complete DI-NOC applications using appropriate materials, tools, and techniques. Applications include, but are not limited to, flat surfaces, door wrapping, complex curves, corners, and more. In addition to application techniques, other training topics include surface preparation, installation considerations, and maintenance and repair recommendations.

Days 3: Testing

Successful completion of this test earns participants 3M's DI-NOC Architectural Finishes Preferred Installer designation. This one-day test is comprised of nine different application stations that participants are required to successfully complete. Application techniques tested are taught during the training session. Participation in the training and testing does not guarantee earning the 3M DI-NOC Architectural Finishes Preferred Installer designation.

March 21st - 23rd

September 26th - 28th

June 27th - 29th

December 28th - 30th
